GREAT PILES SNAPPED

As Though They Had Only Been Toothpicks.

THE FALSE WORK CARRIED OFF

Damage Done the Bridge by the Flood. The Engine Was Moved in Time—Great Quantities of Drift and a Few Dead Horses Went Down.

The flood is over, the river is subsiding, and people living in the lower part of the city are again breathing easy.

The water reached its height yesterday morning, and began to recede at 9 o'clock. To that time there was a rise of 35 feet, and fears were entertained that the water would go beyond the danger line. People in Jethro watched the water creep higher each hour on Saturday night, and were prepared to abandon the lower story of their houses when the water began to fall. Owners of house boats made their property secure, but so many conflicting stories came from Pittsburgh that they believed the flood would be great. The force of the water was strong, and the principal damage was done at the bridge.

The false work at the Ohio pier fell with a crash on Saturday night, the piles being snapped as though they had been toothpicks. The contractors had anticipated a heavy flood, and had removed the engine in time to save it. The loss here will amount to a snug sum, since it will be necessary to bring the pile driver back to town, and replace the broken piles. There was a vast amount of drift in the stream, and logs without number floated by. Several lumber yards about Pittsburgh were flooded, and an immense amount of planks went down the stream. A large number of logs were captured between this city and Wellsville, but they did not represent the one-hundredth part of the timber going down stream. All sorts of filth also passed by, and the stench from the flood was nothing short of nauseating. At one time a group of five dead horses passed, and a number of dead pigs were seen yesterday morning. Much has been said about the height of the water, and the assertion has frequently been made that this was the greatest summer flood for many years, but this is not true. An old riverman is responsible for the statement that the water on July 9, 1888, was three feet higher than at any time during the present flood. It will be readily remembered as the time when the Pittsburgh wharfbow went floating down the stream. The ferryboat was tied up all of yesterday.

Many people went to the river front yesterday and viewed the stream. The drift was especially interesting, and several reports were current that bodies had been seen among the logs. There were a number of minor accidents, but not one amounted to more than a ducking for the victim. The greater part of the water came out of the Monongahela, and as that river is falling very rapidly, it will not be long until the Ohio will be at a low stage.

THE SOUTH WOULD BE SAFE
If the Business Men Had All the Voting.
George C. Thompson is home from a trip through the south in the interest of the Thompson Pottery company, and talks interestingly of the sentiment of the people in that part of the country toward silver. He found that business men everywhere in the south took a sensible view of the subject, and if they could do it Bryan and his friends would be defeated. The great mass of the people are wild for free silver. They can't understand the evil effects following the passage of a free coinage law, but so many wild stories of coming prosperity have been told them, that they will vote for free silver.

FINISHED TODAY.

Workmen Completed the West Virginia Masonry of the Bridge.

Workmen today completed the masonry on the West Virginia side of the river, and the work of placing the iron will now go merrily on as soon as the river falls. The only other stone work to be finished is the abutment at the foot of College street. This has been delayed by a series of unfortunate accidents, but will be pushed to completion at once. The contract for it is held by a number of workmen.

A STRONG CLUB.

The Eclipse and East Liverpool to Join Forces.

The most important meeting of the baseball season will be held this evening when the members of the Eclipse and East Liverpool clubs will discuss the question of consolidation. The clubs

have been talking on this line for several weeks, the opinion being that the city needed a strong organization, and the only way to make it was by a consolidation of finances and players. If the compact is formed the city will have the best club in this part of the state. It is thought the scheme will be carried out, there being many players on each side who favor it.

AT WORK.

More Potteries Started Bright and Early This Morning.

The Globe and Union potteries started this morning after the summer shutdown. At the latter plant the new kiln is finished, and is well built and one of the largest in the city.

The new office at the Goodwin plant has been wired for electric lights, and the firm say they have the most elaborately fitted up office in the city.

Knowles, Taylor & Knowles are packing two cars of ware that will be shipped to New York this week.

The Akron pottery is again running, and Joseph Barker has been made foreman over the clay departments.

AN OFFER.

Street Fair Should Be Held on Avondale Street.

"I hear they are talking of a street fair," remarked a resident of Avondale street to the NEWS REVIEW. "I hope it is true, for if it is I have a suggestion which, I think, would result in unbounded success for the enterprise. Let all the exhibits be placed in the middle of Avondale street, and confine the people to the sidewalks. The exhibits would be safe, because the people could not cross those ditches on each side of the street to get at them. The ditches are impassable. Then it would show the visitors how much love our council has for the streets."

A GOOD DAY.

There Was a Crowd at the Spring Grove Services.

The last day of campmeeting at Spring Grove was the best of the season, and a crowd of visitors filled the ground. The registry of tickets showed that 1,375 people, in addition to the regular population, were present. The program arranged for the day was carried out, and services held in the morning, afternoon and evening. Miss Alice Goodwin sang beautifully. Memorial services were held on Saturday evening, a large number of persons being present. Now that the meeting is ended a number of families will move to the city, but there will not be many.

A PRETTY RACE.

The Lorena Beat the Virginia by a Small Margin.

The Lorena and the Virginia started from Rochester on Saturday evening at the same time, and came down the river at a rapid rate of speed. The Virginia stopped at Georgetown to land the captain's daughter, and the race was continued. When near the city the boats were making good time, neck and neck, but the Lorena forged steadily to the front after the island was passed, and slipped into the wharf before the Virginia could be brought around. The race was enjoyed by the many passengers and a big crowd at the foot of Broadway.

KNOCKED DOWN.

The Pedestrian Was Unhurt, but the Bicycle Broke.

There was an unusual scene on Fifth street, near the corner of Jefferson, last Saturday evening. One of those small boys, who delight in scorching in open defiance of the ordinance, collided with a pedestrian. The boy came off his wheel in an instant, and pedestrian, wheel and boy were soon a mass of confusion. When the tangle was cleared it was found that the rider had a few bruises, the walker was unhurt, but the bicycle will require much repairing before it will again be fit for use.

EXPERT RIDERS.

They Gave an Exhibition of Their Abilities.

While it is generally acknowledged that the small boy of this city is an expert wheelman, and can ride in any position but standing on his head, it is not generally known that there are young girls who can hold their own with any of them. A party of these youngsters gave an exhibition the other afternoon. They had diamond frame wheels, and rode in many positions. While one peddled along as though on a side saddle, another rode like a man, despite the fact that she had forgotten to put on her bloomers.

Have Increased.

The number of applicants at the office of the township trustees increased wonderfully last week. The worthy were given what aid the authorities could afford.

GUARDSMEN HAVE GONE

The Soldiers Went to Camp Cleveland Today.

ALL THE MEN WERE IN LINE

Captain Hill Took Out Every Man of His Command or a Substitute—Captain Hobbs Went Along—They All Anticipate a Pleasant Time.

Captain Will Hill and his soldiers went to Cleveland this morning, and for one short week they will pass through the pleasures and pains of camp life.

At 6 o'clock the patrols began to scour the city for stragglers. Some members of the company were not anxious to go to camp, but Captain Hill had decided that every man should go or furnish a substitute, and the stragglers were soon gathered in. One man was sleeping peacefully in bed when the sergeant rapped at the door of his house. He was informed that the captain wanted him, and was soon at the armory. Another private was about to leave his home for the pottery where he is employed when the patrol arrived, and he too went to the armory. It took a vast amount of hustling to get the company together, but long before 9 o'clock the boys were at city hall, and ready for the start. There was no parade, and they marched to the depot without music. A crowd had gathered to see the boys depart, and there were some tender leave takings.

They looked very well as they stood in line, 51 of the rank and file, and three officers. One unenlisted man was also taken. The baggage was hastily loaded in the car, and Corporal Smith was placed in charge with Privates Metcalf, Bennett, Haught and Deidrick. Lieutenant Finley was given command of the coach, and Sergeant Kinsey with Corporals Porter, Blake, Shenke and Davis were assigned to special duty. They were a soldierly looking lot in their fatigues uniforms, and the happy faces gave the scene a pleasant aspect. The boys anticipate a pleasant time in Cleveland despite the stories of storm and swamp coming from the camp last week. Tucked in the neat looking knapsacks were many little comforts which go to make camp life pleasant, and knocks some of the rough edges from the life of the guardsmen. They did not take their china canteens, but were provided with the regulation article. The soldiers will reach Cleveland early in the afternoon, and will occupy their tents at once. They will remain during the week, and will have two other regiments as companions. The company shows a marked improvement in drilling and soldierly bearing, and was the largest and best ever taken out of the city.

Captain Hobbs, assistant surgeon of the Eighth, also went to Cleveland, and will spend the week in camp.

FLOWER THIEVES.

They Flourish and Make Themselves Obnoxious.

Flower thieves were abroad in the city last evening, and helped themselves liberally to all the blossoms they could find. The residence of Mills Bennett, of Cadmus street, was visited while the family were in church, and a fine bed of geraniums were destroyed, the thieves taking the brightest and best blossoms. One evening last week a crowd of young girls despoiled a lot of plants on the porch of a Fifth street residence, and thieves were the same night operating in the West End.

POSTPONED THE MEETING.

The Anniversary of the Y. M. C. A. to be Held on Another Day.

The anniversary celebration of the Young Men's Christian association has been indefinitely postponed because the state secretary, Mr. Pierce, is at present out of the state, and it is not known when he will return. Mr. Doggett, who was expected to speak at the meeting, has taken the position of instructor at the international training school in Springfield, Mass., and can not be present. Some other good man will fill his place.

JOHN EELLS IS FREE.

His Term Expired and he Was Released.

John Eells was released from the penitentiary at Columbus last Saturday. Eells served two terms in that famous institution for robbery, and 20 years ago got a life sentence for killing his brother in Lisbon. Four years ago he was pardoned, and two years later he was sent up from Carroll county for attempted murder. He served his term, and is again at liberty.

Coming Home.

J. J. Purinton has so far recovered as

to warrant his friends removing him from the hospital, and he will be brought to this city on the Keystone this evening. He feels very well, and no bad results are expected to follow the trip.

TO TALK FINANCE.

The Board of Education Will Wrestle With the Old Question.

At the meeting of the board of education this evening the committee will report the result of their conference with the banks, and those troublesome notes will again come up. It is understood that the matter stands as before, and one member who wants to see the settlement reached at once expressed his willingness to make concessions to the other side if by so doing the matter can be put out of the way. That is the most important question to be disposed of by the board tonight.

GENUINE GYPSIES.

They Have Pitched Their Camp on the Virginia Side.

The largest party of Gypsies seen in this section for many years have pitched their camp on the Virginia side, and are enjoying their stay. They are not like the average wanderers, but are genuine Gypsies, and are provided with some of the luxuries as well as the comforts of life. There are in the neighborhood of 40 persons in the party, and their brightly painted wagons are the finest ever seen in this section. They have been in Pennsylvania for some time, and are now going down the river.

A CLOSE CALL.

The Driver Only Missed the Car by a Foot.

There came near being an accident at the corner of Washington and Fourth streets yesterday afternoon. A horse drawing a light buggy containing several persons came out of Fourth street, and occupied the space on the street car track that was about to be taken up by a car. The driver got there a moment before the car, and the motorman put on the brake preventing an accident by not much more than a foot, while the people in the car and those on the street held their breath.

MANY PICNICKERS.

They Went to Rock Point on a Special Train.

The union picnic of the United Presbyterian church of the valley is being held today at Rock Point. A long train took the 175 people who went from this city this morning, and more were added at East End and Smith's Ferry. Fully 500 boarded the train at Wellsville, and a crowd came from Steubenville, Toronto and other towns down the river. It is a large party, and arrangements have been made to make them enjoy the occasion. The train will arrive this evening at 7:30.

Given a Medal.

A Ulrich was on Saturday evening presented with a silver medal by his insurance agents. The presentation speech was made by Fred Grim.

FOUND IN THE WILLOWS

The Body of Michael Lyon Was Recovered.

BURIED BY THE BRIDGE COMPANY

His Companions Attended the Funeral. The Body Was in an Advanced State of Decomposition—No Friends Appeared to Claim It.

The body of Michael Lyon was found in the bushes near Kountz landing yesterday morning, and was interred in Spring Grove cemetery yesterday afternoon.

The discovery was made by Frank and Albert Kountz, and they at once notified the authorities in this city. They in turn turned the matter over to J. D. West, and the body was brought to town. It was in an advanced stage of decomposition, and those who had known the man in life could not recognize him. When found the body had lodged in the willows, and had been floated down the river by the flood. It bore marks of rough usage, and it was impossible to tell what injuries Lyon had received when he fell from the top of the bridge. The bridge men with whom he worked were notified, and Squire Manley held an inquest. Nothing of importance was developed, and the trustees ordered the body interred in Spring Grove cemetery. The funeral took place yesterday afternoon at 5 o'clock, a number of bridge employees being in attendance. The trustees expected to pay the expenses of the funeral, but were notified by J. E. McDonald that the bridge company would pay the bill.

The 9 o'clock train brought to the city a delegation of a dozen bridge men from Rochester. They were headed by Hugh Joyce, and came here to attend Lyon's funeral. They had heard that he had been found yesterday afternoon, and the funeral would be held today. Someone told them Lyon had been buried in the potters' field, and they were indignant, declaring they would buy a lot in Riverview cemetery, and bury him there. Mr. Joyce stated that Lyon came to this country from Dublin nine years ago, and that his sister and uncle reside in Philadelphia. He worked for a time in Buffalo, and then went to the Rochester bridge. From that place he came here. He was a member of the bridge workers' union of Chicago. Word of his death and burial will be sent to his relatives.

IN THE CLUTCHES OF THE LAW.

A Drunken Trio Were Captured by the Police.

A drunken trio made up of Andrew Hodow, Joseph Donahoe, and a man who said he was from Rogers, were having a delightful time on Sixth street, Sunday afternoon, when someone called the patrol. Then Officers McMillen Jennings and When soon had them in city hall. This morning Hodow and Donahoe were each given \$7 and costs, and having no money were put to work on the streets this afternoon. The other man proved that he had been in the Union army during the war, and was released with the admonition that he sin no more.

The patrol was called to the East End yesterday afternoon, but there were no arrests.

Religious services were held in the jail yesterday.

WELLSVILLE SHOEMAKERS.

Another Side of That Question of Forming a Union.

The Wellsville Union says that the shoemakers of Wellsville could see no benefits arising from joining the union of this city, and that the statement in the NEWS REVIEW regarding the new organization was wrong. The Union probably interviewed, if it interviewed anyone, the few shoemakers mentioned in this paper as opposing the plan. Union men here say that a majority of Wellsville shoemakers not only agreed to come into the organization, but they will keep their word.

WILL MEET OUT.

Kilndrawers Will Meet Again Tomorrow Evening.

The strike of the kilndrawers has not yet been settled, and a number of men are still out. A largely attended meeting was held on Saturday night, but none of the proceedings were given out. Another meeting will be held tomorrow evening at 7:30 o'clock in Whittenberger hall, and all the kilndrawers in town are asked to be present. The men at the East Liverpool pottery did not go out, but the strike seems to be general, with this exception and at those potteries where the demand was met.

ALL THE MEN WERE IN LINE

Captain Hill Took Out Every Man of His Command or a Substitute—Captain Hobbs Went Along—They All Anticipate a Pleasant Time.

Captain Will Hill and his soldiers went to Cleveland this morning, and for one short week they will pass through the pleasures and pains of camp life.

At 6 o'clock the patrols began to scour the city for stragglers. Some members of the company were not anxious to go to camp, but Captain Hill had decided that every man should go or furnish a substitute, and the stragglers were soon gathered in. One man was sleeping peacefully in bed when the sergeant rapped at the door of his house. He was informed that the captain wanted him, and was soon at the armory. Another private was about to leave his home for the pottery where he is employed when the patrol arrived, and he too went to the armory. It took a vast amount of hustling to get the company together, but long before 9 o'clock the boys were at city hall, and ready for the start. There was no parade, and they marched to the depot without music. A crowd had gathered to see the boys depart, and there were some tender leave takings.

They looked very well as they stood in line, 51 of the rank and file, and three officers. One unenlisted man was also taken. The baggage was hastily loaded in the car, and Corporal Smith was placed in charge with Privates Metsch, Bennett, Haught and Deidrick. Lieutenant Finley was given command of the coach, and Sergeant Kinsey with Corporals Porter, Blake, Shenkle and Davis were assigned to special duty. They were a soldierly looking lot in their fatigue uniforms, and the happy faces gave the scene a pleasant aspect. The boys anticipate a pleasant time in Cleveland despite the stories of storm and swamp coming from the camp last week. Tucked in the neat looking knapsacks were many little comforts which go to make camp life pleasant, and knocks some of the rough edges from the life of the guardsmen. They did not take their china canteens, but were provided with the regulation article. The soldiers will reach Cleveland early in the afternoon, and will occupy their tents at once. They will remain during the week, and will have two other regiments as companions. The company shows a marked improvement in drilling and soldierly bearing, and was the largest and best ever taken out of the city.

Captain Hobbs, assistant surgeon of the Eighth, also went to Cleveland, and will spend the week in camp.

FLOWER THIEVES.

They Flourish and Make Themselves Obnoxious.

Flower thieves were abroad in the city last evening, and helped themselves liberally to all the blossoms they could find. The residence of Mills Bennett, of Cadmus street, was visited while the family were in church, and a fine bed of geraniums were destroyed, the thieves taking the brightest and best blossoms. One evening last week a crowd of young girls despoiled a lot of plants on the porch of a Fifth street residence, and thieves were the same night operating in the West End.

POSTPONED THE MEETING.

The Anniversary of the Y. M. C. A. to be Held on Another Day.

The anniversary celebration of the Young Men's Christian association has been indefinitely postponed because the state secretary, Mr. Pierce, is at present out of the state, and it is not known when he will return. Mr. Dogett, who was expected to speak at the meeting, has taken the position of instructor at the international training school in Springfield, Mass., and can not be present. Some other good man will fill his place.

JOHN ELLS IS FREE.

His Term Expired and he Was Released.

John Ells was released from the penitentiary at Columbus last Saturday. Ells served two terms in that famous institution for robbery, and 20 years ago got a life sentence for killing his brother in Lisbon. Four years ago he was pardoned, and two years later he was sent up from Carroll county for attempted murder. He served his term, and is again at liberty.

Coming Home.

J. J. Purinton has so far recovered as

to warrant his friends removing him from the hospital, and he will be brought to this city on the Keystone this evening. He feels very well, and no bad results are expected to follow the trip.

TO TALK FINANCE.

The Board of Education Will Wrestle With the Old Question.

At the meeting of the board of education this evening the committee will report the result of their conference with the banks, and those troublesome note will again come up. It is understood that the matter stands as before, and one member who wants to see the settlement reached at once expressed his willingness to make concessions to the other side if by so doing the matter can be put out of the way. That is the most important question to be disposed of by the board tonight.

GENUINE GYPSIES.

They Have Pitched Their Camp on the Virginia Side.

The largest party of Gypsies seen in this section for many years have pitched their camp on the Virginia side, and are enjoying their stay. They are not like the average wanderers, but are genuine Gypsies, and are provided with some of the luxuries as well as the comforts of life. There are in the neighborhood of 40 persons in the party, and their brightly painted wagons are the finest ever seen in this section. They have been in Pennsylvania for some time, and are now going down the river.

A CLOSE CALL.

The Driver Only Missed the Car by a Foot.

There came near being an accident at the corner of Washington and Fourth streets yesterday afternoon. A horse drawing a light buggy containing several persons came out of Fourth street, and occupied the space on the street car track that was about to be taken up by a car. The driver got there a moment before the car, and the motorman put on the brake preventing an accident by not much more than a foot, while the people in the car and those on the street held their breath.

MANY PICNICKERS.

They Went to Rock Point on a Special Train.

The union picnic of the United Presbyterian church of the valley is being held today at Rock Point. A long train took the 175 people who went from this city this morning, and more were added at East End and Smith's Ferry. Fully 500 boarded the train at Wellsville, and a crowd came from Steubenville, Toronto and other towns down the river. It is a large party, and arrangements have been made to make them enjoy the occasion. The train will arrive this evening at 7:30.

FOUND IN THE WILLOWS

The Body of Michael Lyon Was Recovered.

BURIED BY THE BRIDGE COMPANY

His Companions Attended the Funeral. The Body Was in an Advanced State of Decomposition—No Friends Appeared to Claim It.

The body of Michael Lyon was found in the bushes near Kountz landing yesterday morning, and was interred in Spring Grove cemetery yesterday afternoon.

The discovery was made by Frank and Albert Kountz, and they at once notified the authorities in this city. They in turn turned the matter over to J. D. West, and the body was brought to town. It was in an advanced stage of decomposition, and those who had known the man in life could not recognize him. When found the body had lodged in the willows, and had been floated down the river by the flood. It bore marks of rough usage, and it was impossible to tell what injuries Lyon had received when he fell from the top of the bridge. The bridge men with whom he worked were notified, and Squire Manley held an inquest. Nothing of importance was developed, and the trustees ordered the body interred in Spring Grove cemetery. The funeral took place yesterday afternoon at 5 o'clock, a number of bridge employees being in attendance. The trustees expected to pay the expenses of the funeral, but were notified by J. E. McDonald that the bridge company would pay the bill.

The 9 o'clock train brought to the city a delegation of a dozen bridge men from Rochester. They were headed by Hugh Joyce, and came here to attend Lyon's funeral. They had heard that he had been found yesterday afternoon, and the funeral would be held today. Someone told them Lyon had been buried in the potters' field, and they were indignant, declaring they would buy a lot in Riverview cemetery, and bury him there. Mr. Joyce stated that Lyon came to this country from Dublin nine years ago, and that his sister and uncle reside in Philadelphia. He worked for a time in Buffalo, and then went to the Rochester bridge. From that place he came here. He was a member of the bridge workers' union of Chicago. Word of his death and burial will be sent to his relatives.

IN THE CLUTCHES OF THE LAW.

A Drunken Trio Were Captured by the Police.

A drunken trio made up of Andrew Hodow, Joseph Donahoe, and a man who said he was from Rogers, were having a delightful time on Sixth street, Sunday afternoon, when someone called the patrol. Then Officers McMillen, Jennings and Whan soon had them in city hall. This morning Hodow and Donahoe were each given \$7 and costs, and having no money were put to work on the streets this afternoon. The other man proved that he had been in the Union army during the war, and was released with the admonition that he sin no more.

The patrol was called to the East End yesterday afternoon, but there were no arrests.

WELLSVILLE SHOEMAKERS.

Another Side of That Question of Forming a Union.

The Wellsville Union says that the shoemakers of Wellsville could see no benefits arising from joining the union of this city, and that the statement in the NEWS REVIEW regarding the new organization was wrong. The Union probably interviewed, if it interviewed anyone, the few shoemakers mentioned in this paper as opposing the plan. Union men here say that a majority of Wellsville shoemakers not only agreed to come into the organization, but they will keep their word.

WILL STAY OUT.

Kilndrawers Will Meet Again Tomorrow Evening.

The strike of the kilndrawers has not yet been settled, and a number of men are still out. A largely attended meeting was held on Saturday night, but none of the proceedings were given out. Another meeting will be held tomorrow evening at 7:30 o'clock in Whittenberger hall, and all the kilndrawers in town are asked to be present. The men at the East Liverpool pottery did not go out, but the strike seems to be general, with this exception and at those potteries where the demand was met.

Should Mr. Bryan come to East Liverpool, he will not be long in finding that his name is not blessed and revered in this city of protection.

How the Democrats who fought so hard against Coxe in this county a few years ago can bow down and worship Bryan, the candidate of the Populists, is one of the mysteries of politics.

EAST LIVERPOOL wants William McKinley and the Republican party to win, because it firmly believes that its future prosperity depends upon a wise and careful administration of the government.

"Mr. Watson is satisfied. He will accept the nomination, and thinks he and Bryan will win," says a press dispatch. But where does Sewall appear? Will the Democratic leaders exercise that monumental gall so often seen in their campaigns, and ask him to retire?

IN THE ENEMY'S COUNTRY.

The campaign promises to be hard fought and will extend through several months. Mr. Hanna and his helpers of the national committee have already set a date for the opening meeting, and will go right into the heart of the enemy's country. The Republican league of Nebraska will meet in Omaha on August 5, and the committee will have speakers of national reputation present. They will strengthen the feeling of McKinley's friends, and prove to the deluded advocates of free silver that the doctrine of Bryan is the doctrine of disaster. That will be the beginning. Major McKinley's letter of acceptance will be read by millions before August is ended, and then the fighting will begin all along the line. Particular attention will be paid to the middle states when the hardest battle known in many years will be carried on. The silver people are as sure of the extreme south and west as the Republicans are certain they will carry the north and east. Indiana, Illinois and the Mississippi river states will be deluged with oratory from both sides, and Kansas, Nebraska and the Dakotas will not escape. It is the purpose of the Republican leaders to fight the fight of their political lives, and by an overwhelming victory put the fanatical friends of free silver into their last long sleep. At present the outlook is most encouraging, and with a vigorous campaign there is every reason to believe that Bryan will be carefully wrapped and laid upon the shelf.

ATHENS, July 27.—A fresh fight is reported to have occurred at Kosani, Macedonia, since the Greek insurgents invaded Macedonia and made the attack on Turkish troops at Kara Teari, near Moussa, which was reported on Saturday.

The inroads by Greek insurgents into Macedonia are undoubtedly stimulated by the condition of affairs in Crete, where the Christian insurgents have as much sympathy from the Greeks as have the Cuban insurgents from the people of the United States. It does not seem probable that the present Macedonian disturbance is connected with the outbreaks of last year which occurred along the Bulgarian frontier and were thought to be incited by the Macedonian central committee at Sofia, though this central committee has also been active this year, having issued a manifesto in June stating that "reform (in Macedonia) by peaceful means is no longer to be reckoned on and the committee will concentrate all their energies to obtain real political autonomy."

The southern tracts of Macedonia are mainly inhabited by Greeks. A prominent diplomatist, said to be well versed in the affairs of Eastern Europe and a long resident in the Balkan peninsula, was recently quoted as saying:

"It is hard to believe that combined action for the furtherance of a certain object could be undertaken by the inhabitants of that region which we call Macedonia. Doubtless in various neighborhoods insurrectionary movements of more or less magnitude would gain adherents, but such risings will always remain of mere local importance for the reason that it is impossible to imagine a combined Macedonian insurrection. Such movements must invariably take place under Bulgarian, Servian, Albanian or Greek auspices. They will not be so much directed against Turkey, but rather will take the form of one nationality rising against another or a number of others."

It remains to be seen whether the insurrectionary movement under Bulgarian auspices will make common cause under Greek auspices, which the Greek minister of war, in response to a representation by the powers has promised to take measures to suppress.

The Musselman deputies in Crete have presented a note to the foreign consuls in the island declining to agree to any of the demands made by the Christian deputies.

CONSTANTINOPLE, July 27.—It is announced that the porte has decided to maintain a defensive attitude in Crete, leaving to the powers the task of inducing the insurgent Cretans to accept the concessions already promised them by the Turkish government.

According to news received from Cania, in the island of Crete, two vessels have landed arms and ammunition at Candia, near the center of the north coast, for the insurgents, showing that the rebellion is extending towards the eastern portion of the island, which has hitherto remained tranquil.

HOW BRYAN STANDS.

What His Suppressed Warning
to Populists Was.

WILL IGNORE THEIR PLATFORM.

Some of the Planks Would Endanger
the Silver Cause—Will Stick to Chicago
Platform and Sewall—He and Jones
Have a Conference.

LINCOLN, Neb., July 27.—Senator James K. Jones, chairman of the Democratic national committee, has had a conference with Mr. Bryan in the latter's parlor. When they emerged Mr. Bryan assured the press representatives in waiting that there was nothing to give out.

"We have been discussing plans, but we have decided upon nothing that can be given to the public," said Mr. Bryan as he entered the carriage to accompany Senator Jones to the station. The latter then departed at 9:15 for Jefferson City, Mo., to consult with Governor Stone of Missouri before proceeding to his home.

A Chicago special says: Among those who have returned from St. Louis is a gentleman who saw and read the suppressed dispatch from Mr. Bryan to Senator Jones, chairman of the national Democratic committee. He possesses a fairly good memory and gives the following as the substance of the document about which there was so much talk and excitement during the last day of the Populist convention. What is subjoined may be relied upon as being substantially correct:

"Considering all the circumstances and conditions," wired Mr. Bryan, "I have concluded that the Populist convention should not consider my name for the presidency, but if it determines to nominate me notwithstanding this declaration, that there may be no misunderstanding, I desire in advance to say that I shall not during the campaign discuss any other issues than those outlined in the Chicago platform. I desire above everything else to be instrumental in having enacted into the laws of the United States the free and unlimited coinage of gold and silver at the present ratio of 16 to 1, without awaiting the consent of any other country."

"The Republican platform adopted at St. Louis asserts that the bimetallic system should be restored, but that the American people are helpless to bring about bimetalism for themselves until foreign nations are willing to assist. The American people cannot afford to surrender the right to legislate for themselves on all questions, and so long as the right is disputed it surpasses all others in importance."

"The Populist platform presents several new issues, to discuss which during this campaign will, in my judgment, endanger the success of our cause. I am not willing to be a party to anything which will divert attention from the money question. Nor am I willing to be placed in the attitude of securing help from other political organizations by sacrificing my associate upon the ticket. He is as squarely as the right is disputed the cause of bimetalism against much greater opposition than have the men of the west and south. I desire to be left free to support Sewall during the campaign."

"It is due to myself and the Populist convention that there should be the most outspoken frankness between us."

"To this dispatch," said the gentleman, "there was attached a postscript requesting that the statement be read to the convention before the ballot was commenced."

Why the dispatch was not read, the reasons for the objections of Senator Allen, chairman of the convention to its reading, have been given in these dispatches from St. Louis.

HANNA GOING EAST.

Leaves For New York Tonight—His Position Regarding Labor.

CLEVELAND, July 27.—Chairman Hanna of the Republican committee will start for New York this evening. He goes to arrange for the opening of the Republican headquarters in that city. Mr. Hanna was asked if anything definite had been arranged as to the plans of the campaign. "Nothing definite," was his reply. "That is part of what we shall discuss at the New York meeting. Nothing will be settled upon until the New York meeting is held."

A story was published here to the effect that Mr. Hanna had arranged to meet the president of the Central Labor union for the purpose of discussing the former's record as an employer of labor, and that the labor union's president had refused to meet Mr. Hanna.

WATSON WILL RUN.

Senator Butler Denies That He
Will Withdraw.

SEWALL'S GREAT OPPORTUNITY.

Butler Says the Maine Shipbuilder Is
the One Man Who Can Unify the Silver
Forces—The Two Party Organizations
Will Be Kept Separate.

ST. LOUIS, July 27.—A rumor got out to the effect that the Populists would withdraw Watson, their candidate for vice president, if Sewall did not do so. Your representative called on Senator Marion C. Butler, chairman of the national committee, and asked him why, if his party desired a union of the silver forces did they nominate another candidate for vice president.

"Because," he said, "we found that by so doing our party organization could be better preserved in support of Mr. Bryan than by the nomination of Mr. Sewall."

"Does not this selection lead to much embarrassment?"

"Oh yes, but it was our only alternative."

"Will the Democratic and Populist national committee make some arrangement to unite their vote?"

"The two party organizations will be kept entirely separate and distinct and the two campaigns will be conducted separately on parallel lines, but we hope to vote and be united."

"It is rumored that Mr. Watson will be withdrawn."

"This will not be done. The selection of Mr. Watson was a deliberate action by an overwhelming vote and voiced by the sentiment of delegates fresh from the people, who themselves had deliberated upon the situation since the Chicago convention. The People's party, in its desire to unify the reform forces so as to make victory possible, met the Democratic party more than half way by taking their candidate for president."

"We could not unite upon Mr. Sewall and if we had attempted to do so, it would have disorganized our own forces and endangered the election of Mr. Bryan. It is in no wise a reflection upon Mr. Sewall and we do not believe that he or his friends will so consider it. On the contrary, we hope that he is patriotic enough to put the success of the cause and the welfare of the country above personal interests or aspirations. In short, Mr. Sewall is the man in the United States who now has it in his power to completely unify the silver forces and make victory over the gold combine absolutely certain. This is the unanimous opinion of our executive committee."

THREE PEOPLE DROWNED.

Two Women Perish Out Boating—Two Men Rescued.

BELLAIRE, O., July 27.—A sad double drowning has occurred here. Mrs. Sylvester Long, Miss Daisy Long and two young men, Arthur Bennet and William France, were out riding on the river which is now very high. They were looking at the government snagboat, E. A. Woodruff, which is now lying below the Baltimore and Ohio railroad, when the great current and suction from the bridge pier overturned their boat and the four occupants were thrown into the water and rapidly carried down stream.

Mrs. Long was not seen after she disappeared below, but Miss Long came up near the young men, and one of them caught hold of her dress, and with the assistance of the other man reached the Woodruff's wheel. The young man's efforts to pull the girl out of the water loosened his hold, and she sank below the surface and was seen no more. Both men were pulled aboard the Woodruff uninjured.

A young man, Matthew McClannahan has been drowned in the fatal "Berry's hole," on Wheeling creek, in Wheeling, while swimming. He is the son of James McClannahan of Staunton, Va. Not summer within 30 years has passed without a drowning in "Berry's hole."

SPAIN IN A FRENZY.

Paying Exorbitant Prices For Warships
to Get Them Quickly.

LONDON, July 27.—The Times has a dispatch from Madrid which is as follows:

"It is stated that the government has paid the enormous price of £700,000 each for the two war vessels recently bought at Genoa, while a contract has just been given for two torpedo boat destroyers at £60,000, which was dearer than the tender of a first-class English firm, on the ground that quicker delivery would be secured."

"Nothing short of a panic can explain such extravagance."

ENDORSED DEMOCRATIC TICKET.

Executive Committee of Democratic Society of Pennsylvania Meets.

HARRISBURG, July 27.—Twenty of the 21 members of the executive committee of the Democratic Society of Pennsylvania have held a meeting here. A half dozen of the members were represented by proxies, but the absent ones sent hearty greetings and earnest declarations of allegiance to the Democratic national ticket. With the exception of one discordant note, that of Mayor Saltzman of Erie, who said he was not sure whether he was a silver or gold standard man, there was enthusiastic unanimity.

A delegation came from Erie to urge the committee to hold the next state club convention there, and it was agreed to do so on Aug. 26.

It was decided to have Presidential Candidate Bryan attend the convention, and Messrs. Black and Kerr will communicate with him at once. It is generally believed that he will attend.

A resolution was unanimously adopted urging the formation of Democratic clubs, "so that the people of the commonwealth of Pennsylvania may be brought together in organized effort for Democratic candidates and principles, and for the maintenance of equal rights for silver as well as gold."

The resolutions urge upon the Democratic state committee to assemble and endorse the national ticket.

The committee adopted a lengthy and stirring address calling upon the Democrats and all good citizens to support the ticket.

POPULISTS NAMED BRYAN.

He Was Nominated For President on the First Ballot.

ST. LOUIS, July 27.—The Populist national convention, by a vote of 1042 to 321, Saturday afternoon nominated William Jennings Bryan, who is also the Democratic nominee for president.

The official vote was Bryan, 1,042; Norton of Chicago, 321; Ignatius Donnelly, 1; on the first ballot.

Bedlam was, of course, let loose. Pandemonium reigned 15 or 20 minutes.

The "middle-of-the-road" men finally massed about their standard on the left of the hall. About 300 in number they made a counter demonstration. They cheered and yelled and pushed and fought for ten minutes. The sergeant-at-arms was powerless to restore order, and after rapping for five minutes Chairman Allen declared Mr. Bryan the nominee of the convention.

Some one made a motion to adjourn. The chairman put the motion and declared the convention adjourned sine die. "Stamp!" Ashby shouted Texas cast 103 votes for Norton first, last and all the time.

WATSON HEARD FROM.

He Is Going to Stay on the Populist Ticket.

NEW YORK, July 27.—The World this morning publishes the following dispatch from Thomson, Ga., signed Thomas E. Watson. To the questions asked me I reply as follows:

"First—I will run the race to the end."

"Second—I will make the fight even if Mr. Sewall does not withdraw."

"Third—My opinion of the Fifty-second congress which was arraigned in my book, has undergone no change."

"Fourth—I am not a politician, trader, and will not resign in Sewall's favor, even if offered a cabinet position."

"If Mr. Bryan did not want our support Senator Jones had no business at St. Louis at all. If Mr. Bryan does want our support he ought to be willing to adopt the policy which will most certainly assure him that support and that policy is to accept as a running mate a southern capitalist, named by the unanimous voice of the Populist national convention."

"Our party has gone to the extreme limit of generosity in the effort to procure a union of the silver forces. We did not claim first place on the national ticket; we are content with the second."

SEWALL REMAINS FIRM.

The Action of the Populists Will Not Affect His Position.

BATH, Me., July 27.—In reply to a question as to his attitude and plans in the new situation, caused by the Populist nomination of Bryan and Watson, Mr. Sewall said after a pause:

"Well, the only statement I have to make in regard to that is that the action of the St. Louis convention does not change my attitude or plans the least particle."

"You have not the slightest thought of resigning. I suppose that I may say that you have no such thought."

"Well my answer to your first question covers that equally well," said Mr. Sewall.

"And you have no further statements of any nature to make?" was asked.

"None whatever," said Mr. Sewall.

Butler Populist Chairman.

ST. LOUIS, July 27.—Senator Butler of North Carolina has been chosen chairman of the Populist national committee.

Should Mr. Bryan come to East Liverpool, he will not be long in finding that his name is not blessed and revered in this city of protection.

How THE Democrats who fought so hard against Coxe in this county a few years ago can bow down and worship Bryan, the candidate of the Populists, is one of the mysteries of politics.

EAST LIVERPOOL, wants William McKinley and the Republican party to win, because it firmly believes that its future prosperity depends upon a wise and careful administration of the government.

"MR. WATSON is satisfied. He will accept the nomination, and thinks he and Bryan will win," says a press dispatch. But where does Sewall appear? Will the Democratic leaders exercise that monumental gall so often seen in their campaigns, and ask him to retire?

IN THE ENEMY'S COUNTRY.

The campaign promises to be hard fought and will extend through several months. Mr. Hanna and his helpers of the national committee have already set a date for the opening meeting, and will go right into the heart of the enemy's country. The Republican league of Nebraska will meet in Omaha on August 5, and the committee will have speakers of national reputation present. They will strengthen the feeling of McKinley's friends, and prove to the deluded advocates of free silver that the doctrine of Bryan is the doctrine of disaster. That will be the beginning. Major McKinley's letter of acceptance will be read by millions before August is ended, and then the fighting will begin all along the line. Particular attention will be paid to the middle states when the hardest battle known in many years will be carried on. The silver people are as sure of the extreme south and west as the Republicans are certain they will carry the north and east.

Indiana, Illinois and the Mississippi river states will be deluged with oratory from both sides, and Kansas, Nebraska and the Dakotas will not escape. It is the purpose of the Republican leaders to fight the fight of their political lives, and by an overwhelming victory put the fanatical friends of free silver into their last long sleep. At present the outlook is most encouraging, and with a vigorous campaign there is every reason to believe that Bryan will be carefully wrapped and laid upon the shelf.

GREEKS GIVING AID.

Showing Great Sympathy For the Crete Rebels.

ENGAGE THE TURKS IN BATTLE.

They Invade Macedonia In a General Uprising—Details of the Turkish Massacre of Armenians Last Month—Turkey Wants the Powers to Interfere.

ATHENS, July 27.—A fresh fight is reported to have occurred at Kosani, Macedonia, since the Greek insurgents invaded Macedonia and made the attack on Turkish troops at Kara Teari, near Moussa, which was reported on Saturday.

The inroads by Greek insurgents into Macedonia are undoubtedly stimulated by the condition of affairs in Crete, where the Christian insurgents have as much sympathy from the Greeks as have the Cuban insurgents from the people of the United States. It does not seem probable that the present Macedonian disturbance is connected with the outbreaks of last year which occurred along the Bulgarian frontier and were thought to be incited by the Macedonian central committee at Sofia, though this central committee has also been active this year, having issued a manifesto in June stating that "reform (in Macedonia) by peaceful means is no longer to be reckoned on and the committee will concentrate all their energies to obtain real political autonomy."

The southern tracts of Macedonia are mainly inhabited by Greeks. A prominent diplomatist, said to be well versed in the affairs of Eastern Europe and a long resident in the Balkan peninsula, was recently quoted as saying:

"It is hard to believe that combined action for the furtherance of a certain object could be undertaken by the inhabitants of that region which we call Macedonia. Doubtless in various neighborhoods insurrectionary movements of more or less magnitude would gain adherents, but such risings will always remain of mere local importance for the reason that it is impossible to imagine a combined Macedonian insurrection. Such movements must invariably take place under Bulgarian, Serbian, Albanian or Greek auspices. They will not be so much directed against Turkey, but rather will take the form of one nationality rising against another or a number of others."

It remains to be seen whether the insurrectionary movement under Bulgarian auspices will make common cause under Greek auspices, which the Greek minister of war, in response to a representation by the powers, has promised to take measures to suppress.

The Musselman deputies in Crete have presented a note to the foreign consuls in the island declining to agree to the demands made by the Christian deputies.

THE REBELLION SPREADING.

TURKEY Wants the Powers to Induce the Cretes to Quit Fighting.

CONSTANTINOPLE, July 27.—It is announced that the port has decided to maintain a defensive attitude in Crete, leaving to the powers the task of inducing the insurgent Creteans to accept the concessions already promised them by the Turkish government.

According to news received from Cania, in the island of Crete, two vessels have landed arms and ammunition at Candia, near the center of the north coast, for the insurgents, showing that the rebellion is extending towards the eastern portion of the island, which has hitherto remained tranquil.

THOUSANDS MURDERED.

Details of the Terrible Massacre of Armenians in June.

LONDON, July 27.—The Chronicle and other London papers publish details of the massacre in the vicinity of Van on June 15 of thousands of Armenians.

It is stated that over 40 villages were destroyed, and that every male person more than 80 years of age has been killed in account of this last massacre of the Armenians, societies interested in relief work in Asia Minor have appeared once more to the public for additional funds.

RIOT AT A PICNIC.

Fatal Fight Between Negroes In Alabama—Two Killed outright.

BIRMINGHAM, Ala., July 27.—Near Letohatchie, Lowndes county, during the progress of a negro church picnic,

a quarrel occurred between Dave Gunter and Earnest Means, whereupon turn it was to ride on a "flying jennie," when both men pulled pistols and engaged in an impromptu duel. A big crowd of negroes was present and friends of the combatants at once took sides and a pitched battle followed. Fully 40 shots were fired and when the smoke cleared away it was found that Gunter, Mean and another negro named Onerey Gilmer were dead and six other persons, chiefly bystanders, were seriously wounded. Three of those wounded were women and two of them are expected to die.

WANTED TO LYNCH HIM.

Circleville Citizens Try to Take a Brute From the Police.

CIRCLEVILLE, O., July 27.—John Trimmer is in jail, charged with having made an unsuccessful attempt to assault Jennie Wilson, the 10-year-old daughter of ex-Street Commissioner Amos Wilson. The child's screams and those of her playmates attracted the attention of her mother, who rushed to her daughter's rescue, while Trimmer made a hasty retreat.

He was soon captured by the police, and on the way to the stationhouse was surrounded by a crowd of infuriated citizens at the corner of Mound and Pickaway streets, who tried to take him from the police. It was with great difficulty that the police forced their way through the crowd and finally landed him in the jail, closely followed by the citizens, who kept crying "Hang him." "Lynch him," etc.

The Wilson child identified Trimmer as the man who made the assault.

Trimmer has served two terms in the penitentiary for similar offenses, and has but recently been released from that institution.

Paid Up His Shortage.

COLUMBUS, July 27.—Frank Rarey, penitentiary desk clerk during the administration of Governor Foraker, called at the prison and gave a check for \$223.05, the shortage during the term he was in office. It is the intention to continue the investigation until the full amount of the shortage is found and settlement made.

Signed the Amalgamated Scale.

YOUNGSTOWN, O., July 27.—The Amalgamated scale, which provides for \$4.50 per ton for puddling, an advance of 50 cents over the old scale, has been signed by the iron manufacturers. Most of the mills will resume next week.

Iron Mills Cut Wages.

YOUNGSTOWN, O., July 27.—Notices are being posted at all blast furnaces in Mahoning and Shenango valleys of a reduction of wages of 10 per cent to take effect Aug. 1. The dull iron market is assigned as the cause.

State of the Gold Reserve.

WASHINGTON, July 27.—The withdrawals of gold from the treasury aggregated to \$53,800, of which \$25,700 was in coin and \$10,100 in bars. None went out for export. New York bankers put up \$375,000 in gold into the sub-treasury, swelling the gold reserve to \$103,951,391 at the close of business.

Cholera Decreasing In Egypt.

CAIRO, July 27.—Cholera is decreasing, and there were only 130 new cases and 100 deaths throughout Egypt on Saturday.

HOW BRYAN STANDS.

What His Suppressed Warning to Populists Was.

WILL IGNORE THEIR PLATFORM.

Some of the Planks Would Endanger the Silver Cause—Will Stick to Chicago Platform and Sewall—He and Jones Have a Conference.

LINCOLN, Neb., July 27.—Senator James K. Jones, chairman of the Democratic national committee, has had a conference with Mr. Bryan in the latter's parlor. When they emerged Mr. Bryan assured the press representatives in waiting that there was nothing to give out.

"We have been discussing plans, but we have decided upon nothing that can be given to the public," said Mr. Bryan as he entered the carriage to accompany Senator Jones to the station. The latter then departed at 9:15 for Jefferson City, Mo., to consult with Governor Stone of Missouri before proceeding to his home.

A Chicago special says: Among those who have returned from St. Louis is a gentleman who saw and read the suppressed dispatch from Mr. Bryan to Senator Jones, chairman of the national Democratic committee. He possesses a fairly good memory and gives the following as the substance of the document about which there was so much talk and excitement during the last day of the Populist convention. What is subjoined may be relied upon as being substantially correct:

"Considering all the circumstances and conditions," wired Mr. Bryan, "I have concluded that the Populist convention should not consider my name for the presidency, but if it determines to nominate me notwithstanding this declaration, that there may be no misunderstanding, I desire in advance to say that I shall not during the campaign discuss any other issues than those outlined in the Chicago platform. I desire above everything else to be instrumental in having enacted into the laws of the United States the free and unlimited coinage of gold and silver at the present ratio of 16 to 1, without awaiting the consent of any other country."

"The Republican platform adopted at St. Louis asserts that the bimetallic system should be restored, but that the American people are helpless to bring about bimetalism for themselves until foreign nations are willing to assist. The American people cannot afford to surrender the right to legislate for themselves on all questions, and so long as the right is disputed it surpasses all others in importance."

"The Populist platform presents several new issues, to discuss which during this campaign will, in my judgment, endanger the success of our cause. I am not willing to be a party to anything which will divert attention from the money question. Nor am I willing to be placed in the attitude of securing help from other political organizations by sacrificing my associate upon the Chicago platform as I am myself. I have defended the cause of bimetalism against much greater opposition than have the men of the west and south. I desire to be left free to support Sewall during the campaign."

"It is due to myself and the Populist convention that there should be the most outspoken frankness between us."

"To this dispatch," said the gentleman, "there was attached a postscript requesting that the statement be read to the convention before the ballot was commenced."

Why the dispatch was not read, the reasons for the objections of Senator Allen, chairman of the convention to its reading, have been given in these dispatches from St. Louis.

HANNA GOING EAST.

Leaves For New York Tonight—His Position Regarding Labor.

CLEVELAND, July 27.—Chairman Hanna of the Republican committee will start for New York this evening. He goes to arrange for the opening of the Republican headquarters in that city. Mr. Hanna was asked if anything definite had been arranged as to the plans of the campaign. "Nothing definite," was his reply. "That is part of what we shall discuss at the New York meeting. Nothing will be settled upon until the New York meeting is held."

A story was published here to the effect that Mr. Hanna had arranged to meet the president of the Central Labor union for the purpose of discussing the former's record as an employer of labor, and that the labor union's president had refused to meet Mr. Hanna.

As to the truth of the story Mr. Hanna said he had been asked by a reporter if he was willing to meet Mr. Witt of the Central Labor union and he had replied that he was willing to do so. The question was asked because the Central Labor union had propounded to Mr. Hanna a series of queries affecting his relations with labor. Mr. Hanna said he heard nothing more about the matter and Mr. Witt failed to call. That was all there was to it.

"These questions," said Mr. Hanna, referring to the queries propounded by the labor union, "contained insinuations. Their purpose was, of course, antagonistic to Major McKinley, and they sought to connect me with various strikes by implication and insinuation. They undertook to connect me with the sailors' strike here two or three years ago. I had nothing to do with it. My brother, H. M. Hanna, was at that time president of the Vessel Owners' association. The questions also insinuated that I had something to do with a miners' strike in Pennsylvania. Our firm has an interest in a mine there, but was not in control, and we had nothing to do with the management of it. In point of fact I have been employing some 5,000 or 6,000 men for the last 18 to 25 years and have had a number of strikes. It would have been strange if, under the circumstances, I had not. But I have not been endeavoring to make political capital out of the fact, for or against."

K. OF P. ENCAMPMENT.

A Big Time Expected at Cleveland In August.

CLEVELAND, July 27.—The encampment of the Knights of Pythias at Cleveland Aug. 21 to 31 promises to be one of the largest gatherings of the uniform rank ever held in the history of the order. Although the day for receiving requisitions for tents has long passed, the committee are in daily receipt of demands for positions in camp.

Preparations are being made for entertaining the visiting knights, their families and friends in royal style. The big parade on Tuesday Aug. 25 will be participated in not only by the uniform rank, but by subordinate lodges. The session of the supreme lodge will be held in the new Pythian Temple, which has just been completed and dedicated.

Kurtz Favors Columbus.

COLUMBUS, July 27.—An effort is being made to have the opening meeting of the Republican campaign held in this city and it is likely to be successful. It is known that Chairman Kurtz is favorable to such an arrangement, and as the matter has been left largely in his hands, this will probably be the outcome. Unless some other city can present stronger claims than Columbus, the opening will probably be held in this city.

Died In a Buggy.

KENT, O., July 27.—Mrs. Myron Barber, of Kent, while returning home from the country, was stricken with paralysis and died shortly afterward. She was alone in the buggy, and the horse kept in the road and passed several wagons safely. The road is very hilly and dangerous, and the wonder is that the body was not thrown out and mangled. Mrs. Barber was 73 years old. A husband survives her.

Expect the Strike to Be Settled.

CLEVELAND, July 27.—It is believed by the leaders of the strike at the Brown housing works that terms of settlement between the men and company will be agreed upon within a day or two and that work will be resumed before the end of the week. Propositions have been made which are likely to be accepted, but the locked out men refuse to give the terms of the settlement.

Fusion In Ohio Impossible.

COLUMBUS, July 27.—Prominent state officials say that under the Dunn law passed last winter the printing of the names of candidates more than once on the Australian ballot is prohibited in Ohio. This will prevent fusion by Populists with Democrats. Democrats threaten to institute proceedings in mandamus to test the constitutionality of the law.

Quarrymen's Strike Settled.

BEREA, O., July 27.—The long strike of the quarrymen, involving from 800 to 1,000 men and which has led to serious rioting and the sending here of the militia, has been finally settled. The settlement was brought about by the state board of arbitration. The terms of settlement has not yet been announced. The militia on guard at the quarries will be withdrawn at once.

Called on McKinley.

CANTON, O., July 27.—Five hundred of the delegates of workmen to the eighth annual convention of Window Glass Workers of America, at Pittsburgh, came to Canton Saturday. Their coming brought out thousands, who gathered at the McKinley home. Henry Bostock of Pendleton, Ind., acted as spokesman for the delegation and the mayor replied.

WATSON WILL RUN.

Senator Butler Denies That He Will Withdraw.

SEWALL'S GREAT OPPORTUNITY.

Butler Says the Maine Shipbuilder Is the One Man Who Can Unify the Silver Forces—The Two Party Organizations Will Be Kept Separate.

ST. LOUIS, July 27.—A rumor got out to the effect that the Populists would withdraw Watson, their candidate for vice president, if Sewall did not do so.

Your representative called on Senator Marion C. Butler, chairman of the national committee, and asked him why, if his party desired a union of the silver forces did they nominate another candidate for vice president.

"Because," he said, "we found that by so doing our party organization could be better preserved in support of Mr. Bryan than by the nomination of Mr. Sewall."

"Does not this selection lead to much embarrassment?"

"Oh yes, but it was our only alternative."

"Will the Democratic and Populist national committee make some arrangement to unite their vote?"

"The two party organizations will be kept entirely separate and distinct and the two campaigns will be conducted separately on parallel lines, but we hope to vote and be united."

"It is rumored that Mr. Watson will be withdrawn."

"This will not be done. The selection of Mr. Watson was a deliberate action by an overwhelming vote and voiced by the sentiment of delegates fresh from the people, who themselves had deliberated upon the situation since the Chicago convention. The People's party, in its desire to unify the reform forces so as to make victory possible, met the Democratic party more than half way by taking their candidate for president."

"We could not unite upon Mr. Sewall and if we had attempted to do so, it would have disorganized our own forces and endangered the election of Mr. Bryan. It is in no wise a reflection upon Mr. Sewall and we do not believe that he or his friends will so consider it. On the contrary, we hope that he is patriotic enough to put the success of the cause and the welfare of the country above personal interests or ambition. In short, Mr. Sewall is the man in the United States who now has it in his power to completely unify the silver forces and make victory over the gold combine absolutely certain. This is the unanimous opinion of our executive committee."

THREE PEOPLE DROWNED.

Two Women Perish Out Boating—Two Men Rescued.

BELLAIR, O., July 27.—A sad double drowning has occurred here. Mrs. Sylvester Long, Miss Daisy Long and two young men, Arthur Bennet and William France, were out riding on the river which is now very high. They were looking at the government snag boat, E. A. Woodruff, which is now lying below the Baltimore and Ohio railroad, when the great current and suction from the bridge pier overturned their boat and the four occupants were thrown into the water and rapidly carried down stream.

Mrs. Long was not seen after she appeared below, but Miss Long came up near the young men and one of them caught hold of her dress, and with the assistance of the other man reached the Woodruff's wheel. The young man's efforts to pull the girl out of the water loosened his hold, and she sank below the surface and was seen no more. Both men were pulled aboard the Woodruff uninjured.

A young man, Mathew McClannahan has been drowned in the fatal "Berry's hole," on Wheeling creek, in Wheeling, while swimming. He is the son of James McClannahan of Staunton, Va. Not a summer within 30 years has passed without a drowning in "Berry's hole."

SPAIN IN A FRENZY.

Paying Exorbitant Prices For Warships to Get Them Quickly.

LONDON, July 27.—The Times has a dispatch from Madrid which is as follows:

"It is stated that the government has paid the enormous price of £700,000 for the two war vessels recently bought at Genoa, while a contract has just been given for two torpedo boat destroyers at £60,000, which was dearer than the tender of a first-class English firm, on the ground that quicker delivery would be secured."

"Nothing short of a panic can explain such extravagance."

ENDORSED DEMOCRATIC TICKET.

Executive Committee of Democratic Society of Pennsylvania Meets.

HARRISBURG, July 27.—Twenty of the 21 members of the executive committee of the Democratic Society of Pennsylvania have held a meeting here. A half dozen of the members were represented by proxies, but the absent ones sent hearty greetings and earnest declarations of allegiance to the Democratic national ticket. With the exception of one discordant note, that of Mayor Saltsman of Erie, who said he was not sure whether he was a silver or gold standard man, there was enthusiastic unanimity.

A delegation came from Erie to urge the committee to hold the next state club convention there, and it was agreed to do so on Aug. 26.

It was decided to have Presidential Candidate Bryan attend the convention, and Messrs. Black and Kerr will communicate with him at once. It is generally believed that he will attend.

A resolution was unanimously adopted urging the formation of Democratic clubs, "so that the people of the commonwealth of Pennsylvania may be brought together in organized effort for Democratic candidates and principles, and for the maintenance of equal rights for silver as well as gold."

The resolutions urge upon the Democratic state committee to assemble and endorse the national ticket.

The committee adopted a lengthy and stirring address calling upon the Democrats and all good citizens to support the ticket.

POPULISTS NAMED BRYAN.

He Was Nominated For President on the First Ballot.

ST. LOUIS, July 27.—The Populist national convention, by a vote of 1043 to 321, Saturday afternoon nominated William Jennings Bryan, who is also the Democratic nominee, for president. The official vote was Bryan, 1,043; Norton of Chicago, 321; Ignatius Donnelly, 1; on the first ballot.

Bedlam was, of course, let loose. Pandemonium reigned 15 or 20 minutes.

The "middle-of-the-road" men finally massed about their standard on the left of the hall. About 300 in number they made a counter demonstration. They cheered and yelled and pushed and fought for ten minutes. The sergeant-at-arms was powerless to restore order, and after rapping for five minutes Chairman Allen declared Mr. Bryan the nominee of the convention.

Some one made a motion to adjourn. The chairman put the motion and declared the convention adjourned sine die. "Stump" Ashby shouted Texas cast 103 votes for Norton first, last and all the time.

WATSON HEARD FROM.

He Is Going to Stay on the Populist Ticket.

NEW YORK, July 27.—The World this morning publishes the following dispatch from Thomson, Ga., signed Thomas E. Watson. To the questions asked me I reply as follows:

"First—I will run the race to the end. "Second—I will make the fight even if Mr. Sewall does not withdraw. "Third—My opinion of the Fifty-second congress which was arraigned in my book, has undergone no change. "Fourth—I am not a political trader, and will not resign in Sewall's favor, even if offered a cabinet position."

"If Mr. Bryan did not want our support Senator Jones had no business at St. Louis at all. If Mr. Bryan does want our support he ought to be willing to adopt the policy which will most certainly assure him that support and that policy is to accept as a running mate a southern Populist, named by the unanimous voice of the Populist national convention."

"Our party has gone to the extreme limit of generosity in the effort to procure a union of the silver forces. We did not claim first place on the national ticket; we are content with the second."

SEWALL REMAINS FIRM.

The Action of the Populists Will Not Affect His Position.

BATH, Me., July 27.—In reply to a question as to his attitude and plans in the new situation, caused by the Populist nomination of Bryan and Watson, Mr. Sewall said after a pause:

"Well, the only statement I have to make in regard to that is that the action of the St. Louis convention does not change my attitude or plans the least particle."

"You have not the slightest thought of resigning. I suppose that I may say that you have no such thought."

"Well, my answer to your first question covers that equally well," said Mr. Sewall.

"And you have no further statements of any nature to make?" was asked.

"None whatever," said Mr. Sewall.

It is said that an effort was made in this city to organize a Bryan club, but the untimely did not take kindly to the scheme, and it was dropped.

A private party will be held at Columbian park this evening, and Miss Allie Martin and Miss Bessie Bursner will entertain at the same place tomorrow.

It is understood that the deal whereby Isaac Knowles would obtain possession of the Turner property on Walnut street is off, and nothing will be done for the present.

A drum corps has been organized in connection with the McKinley club of East End. The boys will be taught to make good music, and expect to become a permanent organization.

Captain Palmer returned Saturday evening from Lewistown where he was in camp with the National Guard of Pennsylvania. It was an unusually pleasant and profitable encampment.

Complaint is made that the rear of the central school is again being made a meeting place for women and young men. The police should disperse the crowds that gather there every night.

Parties in the potteries along the river were alarmed on Saturday afternoon to hear the loud report of an explosion. They imagined a boiler had burst, but the cause of the explosion is unknown.

The sanitary arrangements of the cells at city hall were found by the plumbers at work there last week to be even worse than was expected. Council will be called upon to deal with the matter.

The following persons took passage on the Virginia for Cincinnati Saturday evening: Ira Eells and wife, Homer H. Ward and wife and Miss Ida M. Sage of Alliance. Hanson Skidmore went to Parkersburg.

The number of new shapes to be placed on the market by the potteries during the coming season is larger than at any time in the past. All the modelers have been busy, and they say the new shapes are more artistic than ever.

A very old and thin horse attached to a two wheeled vehicle of ancient construction, and driven by an individual whose appearance plainly told he was from the backwoods, was in the Diamond Saturday night, and provoked many a smile from an amused public.

The Pittsburg Fishing club came to the city Saturday morning for the purpose of locating across the river. They were unable to secure a location in West Virginia, and have pitched their tents a short distance up Rough's run where they will remain until the river recedes.

Ira Crawford and Will Sebring drove to Spring Grove yesterday from East Palestine. The boys managed to follow the right road until they reached Calcutta but at this point they became lost, and drove around the country for nearly two hours before they reached the right way.

All the packets were crowded yesterday with passengers, the Virginia having an unusually large list for Cincinnati. The Keystone came up yesterday afternoon with a large crowd, and the Lorena had its share. This is the most profitable season the boats have known for many years.

Lawrence Heddleston, a soldier of Company E, did not go to camp with his comrades this morning. On Saturday he received a telegram saying that his father, a former resident of this city, was very ill at his home near Matamoras, and was in a dangerous condition. He left for Matamoras yesterday.

Mrs. Daniel McNicol arrived home Saturday evening, after a visit of four weeks in the mountains of New Hampshire. The lady was accompanied by Superintendent Peck and wife, of the government armory in Boston, who will remain as guests at the McNicol residence until this evening, when they leave for their home in the east.

Farmers selling fruit in the city have been so annoyed by small boys stealing from their wagons that a new system has been adopted, and will probably become popular. A cage made of fine wire netting is placed in the wagon, and the fruit is in this way protected. Several wagons fitted out in this way were seen on the streets Saturday evening.

Caution about the Use and Selection of Spectacles

Persons having correct vision will be able to read this notice at a distance of 10 inches from the eye with ease and comfort. Also will be able to read with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading or writing, or if the letters look blurred and run together, it is a sure indication that glasses are needed. The same hold in the case of those who are unable to see distant objects clearly and have imperfectly formed vision. Continued use of these defective eyes will result in positive injury from the constant strain upon the muscles of accommodation to supply the defect in the eye.

TOWN OF CHESTER.

New Town of CHESTER

Connected with
EAST LIVERPOOL, O., by a

MAGNIFICENT STEEL BRIDGE.

The location is one of the most desirable in this section. The advantages are very great. Transportation by rail and river. Surrounding scenery all that heart can desire. Town laid out by an expert engineer, giving resident section all the privileges patrons can wish for; separate and distinct from the manufacturing sites, thus avoiding dirt and smoke. Gas, telephones, electric lighting, splendid water privileges, same as East Liverpool, and at equally advantageous terms. The new town is destined to make its mark. Manufacturing establishments have already been secured. Industries will spring up under the magic hands of push and enterprise.

THE DEMAND FOR LOTS

is simply wonderful, and you will show true wisdom by investing at the very earliest opportunity. Lots will be for sale on and after

A LABOR DEMONSTRATION.

Fairly Somewhat Interfered With the Big Affair in London.

LONDON, July 27.—Great preparations had been made for the demonstration in favor of international peace in Hyde park Sunday under the auspices of the organization committee for the International Socialist and Trade Union congress which began at St. Martin's hall today. The demonstration committee had been at work on the arrangements since as long ago as March, and had distributed 20,000 hand bills and 1,000 posters, had employed a band to head the procession and had made elaborate arrangements with the commissioner of works and the police, but what they could not arrange for was the weather, which proved against them and the downpour of rain practically made a fiasco of the demonstration.

Twelve platforms had been erected for the speakers and brief speeches were made.

Simultaneous resolutions were declared carried at the 12 platforms in favor of international arbitration of the eight-hour law of universal suffrage and of other measures advocated by the Socialists, and denouncing "the greed of the ruling privileged classes who provoke wars in order to control the markets of the world in their own interests."

P. J. Maguire of the American Federation of labor was present at the demonstration in Hyde park. Delegates to the number of 718 have already arrived in London to attend the international socialist and trade union congress.

WINONA LAKE EXCURSIONS.

Special Rates via Pennsylvania Lines for Winona Assembly.

Season excursion tickets to Winona Lake (formerly Eagle Lake, Ind.) will be sold via Pennsylvania lines on and after June 21. The return limit will include Oct. 31, allowing a season's sojourn at this delightful resort. Special low rate tickets, good returning 15 days from date of sale, will also be sold during the months of June, July and August.

Winona Lake is the site of Winona assembly, which affords notable opportunities for recreation, instruction, entertainment and devotion. The assembly grounds, comprising over 200 acres, surround the lake, a beautiful sheet of clear water near Warsaw, Ind., on the Port Wayne route. Many pretty cottages have been erected on the grounds, which are nicely shaded. The improvements include a fine park, bicycle track and ball ground, with a large amphitheater; an auditorium seating over 3,000 persons; college halls, hotel, restaurants and supply stores. Rates for entertainment at the hotel and boarding houses will be found very reasonable. The fishing is fine, and the large fleet of row boats and steamers afford facilities for delightful boating. The summer school will be in session from July 20 to August 14, in charge of Dr. John M. Coulter. In August a Bible conference will be held under the direction of Dr. J. Wilbur Chapman. Well known educators and lecturers will take part in the educational work. Time may be pleasantly and profitably passed at this pleasant resort, and body and mind invigorated by health-giving recreation and instructive entertainment.

For rates and information about train facilities apply to ticket agents of the Pennsylvania lines, or address F. Van Dusen, chief assistant general passenger agent, Pittsburgh, Pa. For information concerning the assembly address Rev. R. V. Hunter, Eagle Lake, P. O., Ind.

HARD'S BIG STORE

A GOOD RULE FOR SAVING PEOPLE

is to buy when people are anxious to sell. That's why it is to your advantage to buy of us, just now.

We want to get our stock in shape for the fall trade.

We haven't too many goods, but they are not assorted to suit us.

For instance, we have too many high grade HALL TREES. They take up space we need for other goods.

This space we are going to have if cutting prices will sell the Hall Trees.

What do you say to getting a \$30.00 tree for \$22.75, or a \$25.00 one for \$17.75.

These opportunities don't come every day, so take advantage of them.

THIS ISN'T THE TIME of year most people buy BABY CARRIAGES, but at the price we are closing out our stock it will pay you to do so.

THINK of a \$20.00 Cab for \$12.75. People who buy now are on the highway to wealth.

We also have a few Baby Robes left, which are less than cost of making at 50c each.

KEEP COOL

And don't get excited. Take your time. If you are about to buy a new suit, don't do so until you have had time to examine the largest and hand-onest and cheapest lot of summer suits in the city. REMEMBER, we do not advertise anything we do not have, or promise anything we can not fulfill. KEEP IN MIND we have a grand line of nice cool coats and vests, at extremely low prices. But our mission today is to say to you we have too many suits and not enough cash. We want to make a trade. We will give you the best of the bargain. Are you willing? Will you trade? If so, come right along now, for we must reduce our stock. DON'T FORGET we are sole agents for the celebrated IMPERIAL HAT, which we believe to be the best hat for the money in the world. We would like to show you our stock. Come and see us. We will make it pay you.

A LABOR DEMONSTRATION.

Rain Somewhat Interfered With the Big Affair in London.

LONDON, July 27.—Great preparations had been made for the demonstration in favor of international peace in Hyde park Sunday under the auspices of the organization committee for the International Socialist and Trade Union congress which began at St. Martin's hall today. The demonstration committee had been at work on the arrangements since as long ago as March, and had distributed 20,000 hand bills and 1,000 posters, had employed a band to head the procession and had made elaborate arrangements with the commissioner of works and the police, but what they could not arrange for was the weather, which proved against them and the downpour of rain practically made a fiasco of the demonstration.

Twelve platforms had been erected for the speakers and brief speeches were made. Simultaneous resolutions were declared carried at the 12 platforms in favor of international arbitration of the eight-hour law of universal suffrage and of other measures advocated by the Socialists, and denouncing "the greed of the ruling privileged classes who provoke wars in order to control the markets of the world in their own interests."

P. J. Maguire of the American Federation of labor was present at the demonstration in Hyde park. Delegates to the number of 718 have already arrived in London to attend the international socialist and trade union congress.

Excursion tickets to Atlantic City, Cape May, Ocean City, Avalon, Sea Isle City, Angelsea, Wildwood, Holly Beach, and other Atlantic coast summer resorts, will be sold at \$10 round trip from Steubenville, Thursdays, July 9, 23, August 6 and 20, via Pennsylvania lines; return coupons valid twelve days. Trains leave Steubenville 4:30 a. m., 1 p. m., 2:15 p. m., 4:08 p. m., central time. Pullman sleeping cars to Philadelphia. The 4:30 a. m. train will connect in Pittsburgh Union station with special train at 8:55 a. m., making a daylight trip over the mountains in gorgeous summer attire, and across the lowlands, rich in growing greens, to the sea. This train will connect in Broad street station with train via Delaware bridge, so that excursionists may go through to Atlantic City the same day, reaching the famous resort about 9 p. m.

Died in Wellsville.

Robert Potts died at his home in Wellsville yesterday, after an illness of several months. He was a freeman, and well known in this city. Until a few months ago he was in excellent health, but consumption seized him and the ravages of the disease could not be checked. Deceased was 46 years of age, and leaves a family. Interment was made this afternoon.

It Rained on Them.

A letter came today from the Anglers in camp on the Cheat river, and they say it rained almost every day last week. They have caught 350 bass and 80 trout, but find the hunting very poor. There are no squirrels in the woods, and no other game to shoot. They will be home on Wednesday.

WINONA LAKE EXCURSIONS.

Special Rates via Pennsylvania Lines for Winona Assembly.

Season excursion tickets to Winona Lake (formerly Eagle Lake, Ind.) will be sold via Pennsylvania lines on and after June 21. The return limit will include Oct. 31, allowing a season's sojourn at this delightful resort. Special low rate tickets, good returning 15 days from date of sale, will also be sold during the months of June, July and August.

Winona Lake is the site of Winona assembly, which affords notable opportunities for recreation, instruction, entertainment and devotion. The assembly grounds, comprising over 200 acres, surround the lake, a beautiful sheet of clear water near Warsaw, Ind., on the Fort Wayne route. Many pretty cottages have been erected on the grounds, which are nicely shaded. The improvements include a fine park, bicycle track and ball ground, with a large amphitheater; an auditorium seating over 3,000 persons; college halls, hotel, restaurants and supply stores. Rates for entertainment at the hotel and boarding houses will be found very reasonable. The fishing is fine, and the large fleet of row boats and steamers afford facilities for delightful boating. The summer school will be in session from July 20 to August 14, in charge of Dr. John M. Coulter. In August a Bible conference will be held under the direction of Dr. J. Wilbur Chapman. Well known educators and lecturers will take part in the educational work. Time may be pleasantly and profitably passed at this pleasant resort, and body and mind invigorated by health-giving recreation and instructive entertainment.

For rates and information about train facilities apply to ticket agents of the Pennsylvania lines, or address F. Van Dusen, chief assistant general passenger agent, Pittsburgh, Pa. For information concerning the assembly address Rev. R. V. Hunter, Eagle Lake, P. O., Ind.
